

# **CUM'A L'È GUAVA LEMON**

**ATLANTIC ALE 9456**

—

**Switzerland and Costa Rica, 9456 Km away and a single beer to unite these two countries, so different but so similar. Born from the mind of the brewer of "Officina della Birra" and that of the Costa Rican brewery "El Granero". Guava and lemongrass combined with hops from the new world make this beer extremely thirst-quenching and exotic, bringing back the desire for conviviality.**
