

# ALCHIMIE 023.01 MICRO HOPPED LAGER

Delicately scented, its low alcohol content makes it pleasantly thirst-quenching. It has an intense yellow color, the hops in boiling and fermentation give it a thin body but with character. Its little "demanding" nature means that, without exceeding, you can drink that extra drop.

**33 CL - ALC 3 % VOL**

**Intense yellow / Clear / Fine white foam / EBC 4**
